

International tax

Morocco Highlights 2015

Investment basics:

Currency – Moroccan Dirham (MAD)

Foreign exchange control – Transactions in foreign currency generally are not restricted but there are some administrative formalities. Certain transactions, including the payment of management fees, require the prior approval of the exchange authorities. The export of MAD is prohibited.

Accounting principles/financial statements – Moroccan GAAP. Financial statements must be filed annually.

Principal business entities – These are the limited liability company, private limited company (SARL), general or limited partnership and branch of a foreign company.

Corporate taxation:

Residence – A company is resident in Morocco if it is incorporated in Morocco or if its place of effective management is in Morocco.

Basis – Morocco operates a territorial tax system. Companies (both resident and nonresident) generally are subject to corporate tax only on income generated from activities carried on in Morocco. Foreign corporations are subject to taxation on income arising in Morocco if they have, or are deemed to have, a permanent establishment in Morocco.

Taxable income – Companies are taxed on the difference between their trading income and expenditure. Business expenses incurred in the operation of the business generally are deductible, unless specifically excluded. Expenses not permitted include interest on shareholder loans where the stock is not fully paid up, interest on shareholder loans in excess of the official annual interest rate, and penalties and fines.

Taxation of dividends – Dividends received by corporate shareholders from taxable Moroccan-resident entities must be included in business profits but the dividends are 100% deductible in the computation of taxable income.

Capital gains – Capital gains are treated as noncurrent income and taxed at the normal corporate tax rate.

Losses – Tax losses may be carried forward for four years from the end of the loss-making accounting period. However, the portion of a loss that relates to depreciation may be carried forward indefinitely. Losses may not be carried back.

Rate – The normal corporate rate is 30%. A 37% rate applies to leasing companies and credit institutions.

A foreign contractor carrying out engineering, construction or assembly projects, or projects relating to industrial or technical installations may opt to be taxed at 8% of the total contract price net of VAT.

Small companies with net taxable profit not exceeding MAD 300,000 are subject to corporate tax at a rate of 10%.

Surtax – A social contribution for solidarity is levied on profits. The contribution is calculated on the basis of the net profit of the accounting year exceeding MAD 15 million at rates ranging from 0.5% to 2%.

Alternative minimum tax – There is no AMT but the tax payable by a company must be at a rate of at least 0.5%, regardless of the amount of taxable profit, calculated on turnover, financial and non-current income.

Foreign tax credit – Foreign tax credits are available if so provided in an applicable tax treaty.

Participation exemption – See “Taxation of dividends” above.

Holding company regime – Under the offshore holding company regime, companies can be established freely in financial centers, provided the exchange office is notified within 30 days of the date of registration in the trade register. The main tax advantages available to offshore holding companies are: (1) corporation tax of USD 500 per year on their activities for the first 15 years; (2) a tax exemption on dividend distributions and the transfer of profits abroad; (3) exemption from VAT and (4) the same customs advantages

and staff regulations as are available to offshore banks.

Incentives – A variety of incentives are offered, designed to encourage both Moroccan and foreign investors. Incentives include an exemption from business tax for the first five years of operations for newly-incorporated companies; and a corporate income tax exemption for companies exporting goods and services or tourist establishments (subject to certain conditions), for the first five years of operations, followed by a reduced rate on export sales thereafter.

There also are several export and industrial free zones in main cities (Tangiers, Kenitra, Rabat, Nador, Fes, Layoune) that are open for various activities. Authorized companies located in the export and industrial free zones benefit from a business tax exemption for the first 15 years, together with an exemption from corporate income tax for the first five years of operations, followed by a reduced rate of 8.75% for the 20 subsequent years.

An offshore financial center in Tangier is open to all international banks and financial institutions that have obtained prior authorization from the Ministry of Finance. Banks operating in the offshore financial center are entitled to: an exemption from registration fees and stamp duty on initial share capital and subsequent increases, and on the acquisition of premises for setting up a head office and branches, provided the premises are retained for at least 10 years; an exemption from VAT; an exemption from trading license tax and urban tax on the title of the buildings occupied by their head offices or agencies; an annual corporation tax of 10% or USD 25,000 for the first 15 years; an exemption from tax in respect of dividend distributions and share proceeds transfers; and customs duty exemptions.

Companies with the status of “Casablanca Finance City” are entitled to a corporate tax exemption on sales turnover generated in foreign currency and on capital gains arising from the transfer of foreign securities for five

years from the start of the tax year in which the company obtained this status. After the expiration of this period, an 8.75% corporate tax rate applies.

Withholding tax:

Dividends – Dividends paid to a nonresident are subject to a 15% withholding tax unless the rate is reduced under an applicable tax treaty.

Interest – Interest paid on loans obtained from a nonresident is subject to a 10% withholding tax, unless the rate is reduced under an applicable tax treaty. Loans granted for 10 years or more are exempt from withholding tax.

Royalties – Royalties paid to nonresidents are subject to a 10% withholding tax unless the rate is reduced under an applicable tax treaty.

Technical service fees – See “Other” below.

Branch remittance tax – A 15% branch remittance tax is imposed on profits remitted to a nonresident head office.

Other – Companies that do not have their registered office in Morocco are subject to a (final) 10% tax withheld at source on the gross amount of: payments for technical assistance, or technical, scientific or similar information; fees for the use of, or the right to use, certain equipment; remuneration for the transport of goods or persons from Morocco; and certain other commissions and fees. Certain payments (e.g. rents and maintenance) related to aircraft used for international transport are exempt.

Other taxes on corporations:

Capital duty – No

Payroll tax – Payroll tax (called professional training tax) is imposed on the gross monthly remuneration of employees subject to social security contributions at a rate of 1.6%.

Real property tax – No, but see “Transfer tax” and “Other” below.

Social security – An employer is required to register its employees with the social fund and pay social security contributions based on the employee’s salary.

Stamp duty – Legal documents subject to registration duty are also subject to stamp duty at a flat rate of MAD 20 per sheet.

Transfer tax – Registration duty at rates from 4% to 6% and a 1% real estate tax are levied on the acquisition of real property.

Other – A 4% registration duty is levied on the sale of shares in nonlisted companies.

Capital increases are subject to a 1% registration duty.

Legal entities carrying on business activities in Morocco are subject to business tax, which is based on the rental value of buildings, premises, etc., used for the business and levied at a rate of 10%, 20% or 30% of the rental value, depending on the entity’s business.

Municipal tax is levied at a rate of 10.5% of the rental value of real estate assets situated within urban districts and 6.5% of the rental value of real estate assets in peripheral zones of urban districts.

Anti-avoidance rules:

Transfer pricing – There is no formal transfer pricing legislation in Morocco but transactions between related parties should be at arm’s length. Two methodologies are used by the tax authorities: the comparable uncontrolled price method and direct assessment based on available information.

Thin capitalization – There is no formal thin capitalization legislation but the deduction of interest on shareholder loans is subject to some conditions and limitations. Interest is deductible provided the shareholder’s stock is fully paid up, the interest rate does not exceed the official annual rate and the debt:equity ratio does not exceed 1:1.

Controlled foreign companies – No

Other – No

Disclosure requirements – No, but information on transactions involving dependent entities should be maintained at the level of the Moroccan resident entity.

Compliance for corporations:

Tax year – The calendar year normally is the fiscal year although a company may opt for a different fiscal year.

Consolidated returns – Consolidated returns are not permitted; each company must file its own individual return.

Filing requirements – Accounts for income tax purposes must be filed within three months of the end of the relevant accounting period. Corporate tax is payable in four equal installments, based on the prior year’s assessment. The actual amount payable is adjusted in the three months following the end of the accounting period.

Foreign companies that have elected for the 8% default taxation (see “Rate” above) must submit a declaration of their turnover before 1 April following each calendar year.

Penalties – Interest and penalties apply for late filing, failure to file or filing an incorrect return as follows: late filing – 15% of the tax due; late payment – 10% of the tax due and delay interest – 5% of the tax due for the first month of delay plus 0.5% of the tax due for each subsequent month’s delay.

Rulings – An optional advance pricing agreement ruling procedure has been introduced from 2015.

Personal taxation:

Basis – Resident individuals are taxed on their worldwide income; nonresidents are taxed only on Moroccan-source income.

Residence – The following individuals are resident in Morocco for tax purposes: (1) individuals who are habitually resident in Morocco; (2) individuals who are present in Morocco for a minimum of 183 days within a given year, whether or not continuously; and (3) individuals whose professional activities or center of economic interests are located in Morocco.

Filing status – Joint filing is not permitted; each individual must file a separate return.

Taxable income – All compensation received by an individual is taxable, including: salaries and wages, allowances, pensions, annuities, and all other employment benefits; investment income; property income; and income derived from the carrying out of a business or profession.

Capital gains – Capital gains derived from the disposal of immovable property generally are subject to tax at 20%. Higher rates are applicable in some specific cases.

Capital gains derived from the disposal of a residence used as principal residence for at least six years are exempt from taxation.

Capital gains derived from the disposal of shares are subject to tax at 20%.

Deductions and allowances – Various deductions and personal allowances are available in computing taxable income.

Rates – Rates are progressive from 0% to 38%.

Other taxes on individuals:

Capital duty – No

Stamp duty – No

Capital acquisitions tax – No

Real property tax – The transfer of property is subject to the 20% tax on capital gains but the tax payable cannot be less than 3% of

the transfer price. Undeveloped land can be subject to higher rates of taxation ranging from 25% to 30%, depending on the period of ownership.

Inheritance/estate tax – There is no inheritance tax but a gift tax is levied at a flat rate of 20%.

Net wealth/net worth tax – No

Social security – An employer is required to register its employees with the social fund and pay social security contributions based on the employee's salary. Both the employer and employee are required to contribute and the employee's contribution is withheld by the employer.

Other – A social contribution for solidarity is levied on income exceeding MAD 360,000 per year. The contribution is calculated on the basis of the net income earned at rates ranging from 2% to 6%.

Compliance for individuals:

Tax year – Calendar year

Filing and payment – The global income tax return, when applicable, must be filed before 1 March of each year in the place where the taxpayer has his/her habitual residence or main business.

Penalties – Interest and penalties apply for late filing, failure to file or filing an incorrect return as follows: late filing – 15% of the tax due; late payment – 10% of the tax due and delay interest – 5% of the tax due for the first month of delay plus 0.5% of the tax due for each subsequent month's delay.

Value added tax:

Taxable transactions – VAT is levied on all industrial, commercial and craft activities, and on services rendered in Morocco, as well as on import transactions. Input VAT incurred on certain VAT-exempt transactions may not be claimed. For certain other VAT-exempt transactions, businesses may claim input VAT. These include exports of goods and services and sales of specified agricultural equipment.

Rates – The standard rate of VAT is 20%, with reduced rates of 7%, 10% and 14% applying to certain transactions.

Registration – All persons subject to VAT must make a declaration of existence within 30 days of the start of their operations in order to register for VAT purposes.

Other – Nonresident taxpayers carrying out taxable transactions in Morocco are required

to appoint a fiscal representative in Morocco. However, under the reverse charge mechanism, a Moroccan customer of a nonresident taxpayer who has not appointed a fiscal representative should declare the VAT on the transaction on its own VAT return and account for the VAT due.

Filing and payment – VAT returns must generally be filed on a monthly basis.
